Dedication

To Mr. S. Ray Lowder —

As a classroom teacher, band director, and superintendent, Mr. S. Ray Lowder has worked forty-two years for the betterment of education, thirty-eight years in the Lincoln City Schools. Worked? Yes, but not as if his job were work, but a **Hobby!** Living as he has in the shadow of Lincoln High School, he did not escape work, rather he escaped **into** it.

He has achieved fame and fortune without seeking it, for he worked hard, played fair, and laughed often. He has gained the respect of intelligent men and the admiration of students and teachers. Looking for and expecting the best in others, he gave his best. Maestro that he truly is, he has directed scores of young students into successful careers of professional leadership and prominence.

FRESHMEN

Junior-Senior Prom

The Junior-Senior in early spring is the highlight of the year and a tradition that goes back to the first years of Lincolnton High School. Some members of the Junior Class and their sponsors spend many hours decorating the gym in such elaborate themes as "Camelot", "Roman Holiday", and "An Evening in Paris" for the one special dance given in honor of the seniors.

MATHEMATICS

Square root, board feet, logarithms, volume, reasoning, computers, addition, equations, base two, etc., seem to be relevant in today's world. Tomorrow's world? — We are not positive, but change is obvious.

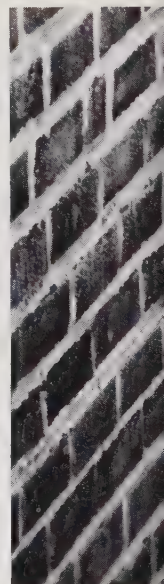

The Mathematics Department strives to help provide a foundation for students to move in various directions as their abilities and interests guide them.

SCIENCE

Science is not just learning facts and formulas but an opportunity for growth in functional understanding of facts, concepts and principles. The understanding of scientific methods with analytical and critical thinking helps provide an adequate adjustment to problem situations in life. Scientifically literate citizens are better adapted for life in our modern world.

MUSIC

You can go few places today that some form of music is not found. Here at L.H.S. the marching band, concert band, and the glee club give us music the year round. These musical organizations provide spirited and cultural activities for our school, and we solicit the support of the student body.

HOME ECONOMICS

How many times this year did you smell a cake or cookies baking, or beans burning? These different aromas came from the kitchens on second floor, staffed by the new cooks in the Home Economics Department. Besides learning to cook, these girls learned the art of sewing, improving family relationships, and everyday household planning.

Foreign Language

The purpose of the Foreign Language Department is twofold: to teach students to speak, read and write the languages of other peoples and also to acquaint students with the culture, environment and ideas of these people. By this way, it is hoped that students will be better able to understand the different peoples and problems of the world.

VICTORY! — What does it mean? Hard work, determination, pride, team effort, and guts. The Wolves are known for all of these traits.

The Wolfpack had their good and bad moments, accomplishments and disappointments. The year '70 was filled with blood, sweat, and occasionally tears. — Was it worth it? You're damn right it was! Worth every precious minute — because **VICTORY IS PRICELESS!**

THAT'S THE WAY THE BALL BOUNCES

With a few additional breaks the Wolf-pack's record would have been brighter. The relatively young and inexperienced team composed of juniors and sophomores made things tough for their SWC opponents. Definitely these guys will make things tough for future opponents.

O-o-ops!

The Wolverettes just didn't get the big breaks. More often, the ball bounced the wrong way. But whatever the outcome of the game, the Wolverettes showed outstanding sportsmanship and spirit.

Cheerleaders

Who are those ten crazy girls who stand in the mud and rain at football games yelling their lungs out? "Go Team Go!" and "We're With Ya Team!"? Are they really crazy? No, they don't think so. These girls are the Varsity Cheerleaders. Their job is to promote school spirit "in all kinds of weather." To be a Varsity Cheerleader a girl practices at least twice a week... makes posters... marches in parades... gets up early in the mornings to get to pep rallies on time... stays up late after basketball games to do homework... paints the Wolf every week for football games. Lots of time and hard work? Yes, but one of the most coveted honors in our high school.

Many hours of rehearsal go into music making before it is ready for performance in a concert. Such dedication paid off. The LHS Band was invited to the Peach Bowl in Atlanta this year and was the only high school band to represent North Carolina at the event.

Student Relations Committee

Organized to promote cooperation and understanding among students, faculty and administration, the Student Relations Committee has been active in many phases of school life. With the Lincoln Jaycees, members sponsored the collection of toys and clothes for Vietnamese children. They were helpful in changing the dress code so that girls could wear slacks throughout the school year. An appropriate memorial service was held on Martin Luther King's birthday. Best of all, they succeeded in getting School Board approval for a guest list at the Junior-Senior Dance.

1971 Pine Burr Staff

Pictures — pictures! They recall memories of good ol' high school days. To arrange these pictures into the proper classes, groups, and clubs takes time — — — and M O N E Y.

The Pine Burr Staff, with "Stroupie's assistance, goes into action after the close of a school year and secures ads from the many businesses who help make the annual possible.

So here it is — your PINE BURR, Class of '71, a keepsake to cherish of happy days at Lincoln High.

The Wolf

LHS' own important and incidental news was brought forward and presented to students through the hard work of the WOLF Staff. Once a month the cry "WOLF on sale" echoed down the halls. As an effective medium between students and activities, its popularity and success are well deserved.

Stevens

The Company Where People Make The Difference!

When you join Stevens, you'll be part of the largest single payroll in the two Carolinas. You'll be helping to produce some of the finest textiles in the world—fabrics used for everything from dresses and suits to parachutes and missile nose cones. You'll work for a company that takes pride in *you*—a company where people make the difference.

Ten years from now, will you have a good job with a first-rate salary and a promising future? Or will you be stuck in a dead end? Choosing a career now with Stevens can make the difference!

For details on job opportunities, contact the Personnel Department at the Stevens plant nearest you.
